

DATASHEET				
Name	FASmini 1	FASmini 2	FASmini 3	FASmini 4
Type of central	adressable			
Power supply voltage	170 – 250 V AC 50 Hz			
Output power supply	20 - 30 V DC			
Batteries	7 / 12 Ah			
Number of signal lines	1	2	1	2
Wires cross-section in/out	max 2,5 mm ²			
Wire cross-section of detecion circuit	0,8 – 1,5 [mm ²]			
Max length of detection circuit	2 km			
Types of detection circuits	Line / stub detection circuit / side stub detection circuit			
Max numer of loop lines	1	2	1	2
Max numer of lines	2	4	2	4
Max numer of detection zones	250 per loop			
Max numer of devices in loop configuration	250 per loop			
Max numer of devices in stub circuit configuration	32 per line			
Alarm variants	16			
Universal inputs	1			
Housing	Powder-coated steel, RAL 3001			
Ip rating	IP 30			
LAN connection for configuration	YES
